# CITY VOTE TUE.

## Supporters See Successful Election to Form City

An unprecedented turnout of Lemon Grove voters for an off-year election is anticipated at Tuesday's election in which trustees will be selected in four districts and the issue of incorporation will be voted on in Lemon Grove.

Polls will be open 7 a.m. to 8 p.m.

Registrar of voters R. T. Denny said his office will issue four page bulletins every 15 minutes and have a crew manning phones at 565-5800 for election results.

In Spring Valley, voters will decide on three trustees for each of three districts: the La Mesa-Spring Valley school district; Grossmont Unified High school district and Grossmont Community College.

In Lemon Grove the electorate will choose three trustees for the Lemon Grove School District in addition to three each from Grossmont High and College.

But the main interest in Lemon Grove is incorporation. It will be the fourth attempt.

"This one is different from the other." said Karen Thomson, co-chairman of the Incorporation Committee. "In past attempts the city would have been one more layer of taxing government.

"The Reorganization Act provided for certain districts to be absorbed by a new city. For example, the L.G. Fire Department will be operated by the city council. The 86.6 cents tax will be cancelled and a 75 cents city tax will be imposed. That cuts the rate 11 cents immediately.

"No increase over the 75 cents may be imposed unless the taxpayers approve it at a city-wide election.

"I expect a voter turnout of 60 per cent and that incorporation will pass by 55 per cent," she said.

There are about 9,000 registered voters in the Lemon Grove city boundaries.

Thomson is not a candidate. Her husband, Richard, is. He said he had talked to several hundred people and none appeared to be opposed to incorporation.

One of the candidates, Jack Doherty, said he expected an unusually large voter turnout. "I guess as many as 5,000 votes will be cast," he said Tuesday night.

Candidate James Dorman said that 23 candidates out getting support should create enough interest to make this election one of the big ones. He too predicted that incorporation would pass. "I think voters want to keep Lemon Grove's boundaries intact. It can't be done without city formation. Neighboring jurisdictions have taken parts of the community almost at will. Incorporation will stop that."

There was the usual complaint about sign removal. Some candidates said their signs were uprooted and stolen. At press time there were no signs on utility poles as there were in the November election.

Supervisor Lucille Moore attended the final public meeting of the Committee for Incorporation Tuesday night at San Miguel school and promised full cooperation with the City of Lemon Grove.

In addition to providing the current level of services for a full year, she also proposed to appoint a liaison officer between city and county and to allocate funds to permit the city council to obtain a management consultant during the first year.

She said she would urge fellow supervisors to provide a budget study to ascertain the cost of providing current services so that the city council could have a guide.

A complete list of candidates follows. Those endorsed by this newspaper are in bold type. (Also, see editorial on Page 1 regarding the Incorporation Issue):

## Free Lemonade To 'Juice Up' Election Tues.

A "Lemonade Day", sponsored by the Lemon Grove Committee for Incorporation is scheduled for Saturday at the site of the landmark lemon at Broadway and Imperial.

The drinks are free and will be served from 11 a.m. to 3 p.m.

"All the candidates have been invited and we think most of them will turn out — with their literature," said LouAnn Holaday, a member of the Committee.

'We are going to start with two 10-gallon jugs from the school district. We'll keep filling them with lemonade until everyone has enough."

Recorded music will add to the festivities," she said.

Lemonade Day is planned to encourage all voters to be aware that the election is to be held the following Tuesday. "We're encouraging everyone to vote for a candidate of their choice — and of course, for incorporation," she added.

**ERIN'S REIGN COMES TO A CLOSE — Erin McLaughlin, reign-in Miss Spring Valley for 1976, will complete her tenure as Fairest of Spring Valley Wednesday night March 16 at Monte Vista High School.**
**She is flanked by President William Fitzpatrick, of the Spring Valley Rotary Club on the right, and pageant Chairman Joe Stevens.**
**It was an exciting experience," said Miss Spring Valley, "and my advice to my successor would be to have a dream and have the courage to follow it through."**
**"I have met a lot of exciting people especially during the Fairest of the Fair competition. I participated in Lemon Grove's Old Time Days Parade, the Casa de Oro Parade, and have made many new friends," she added. "I have enjoyed representing my community, and friends, and all those who made this a very exciting year for me."**
**Miss McLaughlin will concentrate on her education at the University of California San Diego where she is a freshman business major.**
**Erin's successor will receive $750 worth of wardrobe and gifts and the chance to represent Spring Valley in this summer's Annual Fairest of the Fair competition in Del Mar held May 29.**
**Application blanks are available at the Gillespie, Troy, and Campo Fire Stations or from Chairman Joe Stevens at Oxbow Inn,9816 Campo rd., Spring Valley.**

*Sewage System Flooded*

## Supervisors Slap Ban On Construction Sites

The County Board of Supervisors have slapped a halt on all new construction in the Otay Water District, including the controversial Cottonwood Hills subdivision, pending new arrangements for sewage disposal.

According to the author of the ordinance passed by the Board of Supervisors February 16, the building halt may not be lifted for at least three years.

Paul Ross, author of the ordinance, said problems have arisen because no plans were made to handle the additional sewage generated by these new projects.

"The system couldn't even handle it." Ross said, "The amount of sewage generated would be huge. It is likely to be under a moratorium for at least three to five years."

Ross explained the Otay Water district has a contract with the City of San Diego for sewage treatment. The maximum amount Otay is allowed to dump into the system is 700,000 gallons per day.

The Cottonwood Hills subdivision, which adds another 2,022 houses to the area, and two other projects totalling some 152 additional units would alone dump about 638,-000 gallons per day.

Ross said the Otay Water District has three alternatives. One, the district can build their own sewage treatment facility as Poway has done; two, route their sewage around Sweetwater Reservoir to Chula Vista; or three, push the Board of Supervisors to allow them to annex to Spring Valley's water district.

Ross said it is possible the Board could allow Otay to merge with Spring Valley in the next two months but added, "In my professional opinion, they probably won't let them."

The county will still grant conditional okays to building projects in the area, Ross said, but no construction can start until new sewer arrangements are made.

## Candidate Criticizes Lemon Grove's School Bd. For 'Lack of Disagreement'

A candidate for the Lemon Grove School District Board of Directors has completed a study on the agreement habits of the present school board.

Chuck Pennell, the candidate, said he reviewed the minutes of 22 regular and 4 special board meetings of 1976 and compiled these statistics: "Out of 280 issues, only 3 negative votes were cast," he said.

Pennell, who narrowly defeated in the November election for the seat vacated by John Linn, said that member Leonard Klee voted against a milk contract and student grievance procedures in July. Linn cast against a district audit contract.

Pennell said that 88 of the 280 issues could be classed as routine — such as approval of minutes and agendas, personnel actions, financial and reduced price lunch reports, and travel requests.

"I was amazed at the lack

**GROSSMONT PROFESSOR HONORED — Vadja V. Kolombatovic, a professor of deaf language at Grossmont College was honored by the Spring Valley Rotary February 25 for his efforts in bridging communication barriers between deaf and hearing people.**
**Kolomatovic, right, receives an award from Joe Comella of the S.V. Rotary Club.**
**Kolombatovic has taught sign language at Grossmont for the past two years with some 600 students enrolled in classes ranging from beginning to advanced.**
**Through his interpreter, Blanch Helphand, he told the Rotary Club, "We don't want your pity but your understanding. In the area of communication with deaf people . . . They have a long way to go before some of the barriers are broken, but it is worth it."**

## Lemon Grove at the Crossroads

**There are many reasons why we urge those persons interested in the future of their community to vote for incorporation Tuesday.**

A most basic reason is that a yes vote will be assurance that there'll be a Lemon Grove in the future. As it is, our boundaries are reduced at the whim of our neighbors.

**Incorporation will provide services tailored to the needs of Lemon Grove and the tax rate will be less than it is right now.**

Incorporation will return some of our sales tax money we pay here which the county spends in other communities right now.

**Incorporation will provide a council of five people who live within the boundaries of the new city and they will be responsible to voters-taxpayers for working out local problems.**

At present, these problems carry many of us downtown to the Board of Supervisors where we are represented by one-fifth of the board and carry home five-fifths of our frustrations. Even our fifth of a governing body is shared by all other communities in the big 2nd supervisorial district.

**An argument is that if it were good it would have been approved years ago. This is not so. Important law changes have come about in recent years.**

One, is recent legislation that makes incorporation for communities like Lemon Grove completely feasible. The other is encroachment by our neighboring cities which now find Lemon Grove a most desirable tax producer. If incorporation fails, our neighbors won't nibble. They'll gobble us out of existence.

**So the two things that should encourage a yes vote are legislation and hazard.**

Legislation now provides for reorganization. Until recently, formation of a city would have been another taxing agency atop existing agencies. But the reorganization process made district boundaries, where feasible, within the city or responsible to the city.

**Legislation also made local government desirable since much much of its operation would be paid out of sales tax returned by the state. The city can be supported by other than more property taxes with funds that now go to the County of San Diego and spent county-wide.**

We have good schools and good fire protection because local people manage them with the interest of the community in mind. These services would remain.

**Lemon Grove is blessed with residential and business sectors that are concentrated. Roads and sewers are already in and paid for. There would be no great capital outlay under incorporation. As it now stands, the County does not have to spend a lot of money here. Instead, that money goes to developing communities. The County will continue to aid unincorporated areas within the limits of its budget. Lemon Grove would not share in the revenue distributed by the County. Instead, funds would come to the City of Lemon Grove to be used as you direct your council to do.**

The knowledge that a percentage of the sales tax dollar comes back will create a greater sense of unity and loyalty among us. The city would benefit from purchases we make here.

**The council would be made up of people with the same concerns and worries as you. They are not strangers from some other part of the country putting the bite on us for more and more money. They will be just as frugal with city funds as with their own. They will have to be since property taxes cannot be raised above the 75 cent limit unless you approve it at an election. It was the rising tax problem that convinced some of the candidates to seek office.**

So much for the legislation and what it provides. Now for the hazard. That's the hazard of having no community at all. Some voices oppose incorporation by proclaiming, "I like it just like it is."

**Well, they can't have it like it is. In 8 years this community has shrunk from nearly 10 square miles to 3.75. A little more than a third is all that's left. It is entirely possible that most of us will live to see the City of La Mesa's boundaries meeting those of the City of San Diego in the middle of Imperial ave. unless our own boundaries are nailed down. It is doubtful that the "like-it-is-ers" had that in mind.**

Only incorporation can guarantee the integrity of our boundaries today. Legislation has made us a too valuable tax producing commodity to be ignored by cities seeking a larger tax base without high cost.

**Questions about other elements of the community have been properly answered by the Incorporation Committee. Fire service is one of the finest in the county with the lowest tax rate. That shows what a city council can do. The fire district has a council (board of directors) whose management leaves nothing to be desired. The fire district will be absorbed by the city. It will be operated by the city council. The school district will remain as it is with an autonomous board of trustees. That brings up an incongruity among some of the 10 candidates seeking three posts. Some of them rail against the way the school district is run. Yet, almost all of the candidates insist that it is one of the best districts in the county.**

Those who are determined to vote against incorporation should make an effort to hear what proponents — their own neighbors — say. If they will listen and still are not convinced, they can still vote no. This is addressed to those who know nothing of the hazards involved in failure of the issue and have refused to find out.

**In Lemon Grove Tuesday there will be elections on Incorporation, L.G. Schools; Grossmont High School District and Grossmont Community College. In Spring Valley it will be La Mesa-Spring Valley School District; Grossmont High School and College Districts.**

It's a big and important election. We hope to see you all at the polls.

## It's a Crime

**Equal Rights is big with the babes this year.**

One area they have overlooked where discrimination is rampant has to do with the U.S. Department of Justice.

**Attorney General Edward H. Levi admitted as much in the annual Uniform Crime Reports of the F.B.I.**

Says Levi, "Arrests of females increased 4 per cent while arrests of males were up 2 per cent."

**"Arrests of males outnumbered females by 5 to 1.**

Gals are going to have to get on the stick if they want to bring their ER average up!

## Grossmont Hospital Drops Room Rates

Patients at Grossmont Hospital will be able to have a private room at the same rate as a semi-private one as a result of action of the Board of Directors Wednesday night.

The hospital is in the process of opening a new six-story wing which has 35 private rooms on each floor.

Although the rate for district residents was to have been $99 for a private room, they will be charged the $97 semi-private rate.

The reason for the change is that the private rooms are closest to the nursing station.

Ron Dahlgren, administrator, explained that the hospital desires to fill these rooms first to enable the staff to serve the patients quicker.

Non-district patients are charged $8 more per day than district residents.

## Helix Water District Sells Dictionary Hill

A tract of land once given to people who bought dictionaries during the 1920's and 30's has been sold to a La Jolla land developer for over $150,000.

The Malone Development Company of La Jolla outbid 50 others for 6.8 acres of Dictionary Hill in Spring Valley including 48 unimproved lots on the north side of the hill.

The Helix Water District Board, in a public auction February 9, received some 50 bids for the property, ranging from a low of $21,000 to the $152,000 the Malone company offered.

The Helix Water district formerly owned the property and had decided last November to sell it to the highest bidder.

There has been opposition to the sale from area residents and groups such as Spring Valley Citizens for a Rural Environment who wished to keep the property open for agricultural uses.

TRUSTEES — Janet Gastil, 40, who lives in the county between La Mesa and El Cajon is seeking a post on the La Mesa-Spring Valley School District School Board. She lives on Alto dr. with her husband, Gordon, and their four children.

Gastil teaches music through the S.D.S.U. Foundation; the Grossmont College District Community Education, and privately. She teaches violin and viola. She was a Woodrow Wilson Fellow in English in graduate school. She holds a masters degree in English from Duke University. She has a bachelors degree in English and Music from S.D.S.U.

She taught English prior to starting her family, took 10 years to raise her family, and then went into teaching music. Several of her students played in the S.D. Symphony Children's Concert last year.

She has served on the Lemon Avenue, Murdock, and S.V. Junior High School PTA boards.

Her husband, Dr. Gordon Gastil, is professor of geology at State College.

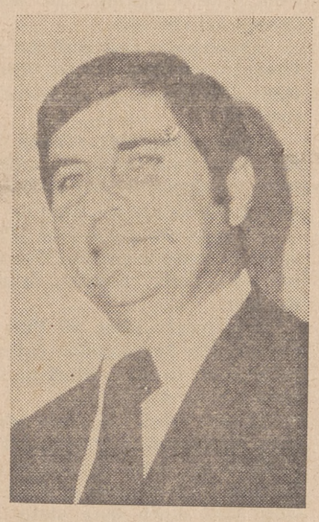
"The present school board has no one serving on it whose primary interest is education. My first interest is education," Mrs. Gastil said. "The loyalty of the present board seems to be to the business community whereas my loyalty is to school children," she said. "I'm a strong advocate of functional basic education. I favor the small class concept where student can get more personalized instruction. I strongly favor remedial reading. Unless a youngster knows how to read, he's sunk.

"As a trustee, I would expect our district to require an assessment on new subdivisions within the elementary school district. They don't now.

"El Cajon gets $400 a house; Lakeside gets one per cent of the house value; Santee, $300 a house, and Chula Vista $400 for a 4-bedroom house. La Mesa is the only elementary school district that gets nothing.

"Rancho San Diego has planned enough of new houses that would produce 5,000 new students for the LM-SV District. This impact will be an additional cost to present taxpayers unless we soften the blow with new home assessments as other districts do.

"We must keep our district financially able to provide the best education possible for our young people. In the final analysis, educated humans is our end product. If we fail anywhere along the line, this valuable product suffers."



FOR LM-SV BOARD OF — Fred Nagel, 42, who lives on El Paso st. in La Mesa with his wife Judith, and their two children, is seeking a post on the La Mesa-Spring Valley Board of Trustees. It is his first time for any political race.

Nagel is a self-employed manufacturer's representative of an electronics firm. He has lived in La Mesa 11 years.

He has been a member of COMBO and a past president of the California Ballet Assn. and a former Boy Scout leader. He is enrolled at Cabrillo Pacific law school. He is taking a general education class at Grossmont and at S.D.S.U. he is a physics major. He is a former softball and City League baseball player.

"I first became interested in the L.M.-S.V. School Board when they offered a piece of school property for sale," he said. "They wanted to sell it for high density development but I, and some others, urged the district to offer it for lower density. The property is being offered for sale this week. The board did reduce their level of density position. To that extent we were effective.

"I became interested in the school board as a result and have attended almost every meeting for a year.

"One of the things I've noticed in attending the meetings is that the public has a very low interest in what's going on at these meetings. I think a lot can be done to attract greater attendance. Usually not more than eight people are there. A couple of teachers, a couple from the press and myself and one or two other citizens.

"I learned that there is a policy that isn't followed. Each PTA is supposed to have a representative at these meetings to report back to their organizations. Considering that there are 17 elementary PTA's and 4 junior high schools — 21 in all — it is disappointing to see so little interest.

"I contacted several PTA's and their reaction was the same. Not enough active membership. I suggested a wider membership base; to invite childless couples, business people and senior citizens to become active in their PTAs. They are taxpayers, too, and many probably would welcome an opportunity to have a voice in the school district's operation.

"I think such a move move would give the PTA lobby in Sacramento a stronger voice, too.

"As a board member I would strongly pursue this philosophy.

"We have a good district. I am not a radical with a determination to enforce a change. I am aware of the financial problems the district faces with its $24 million budget. I would like to miantain what we have with whatever slight improvements I, as a businessman, may be able to encourage.

"Incidentally, I turned down an invitation to meet the teachers' union on the basis I might have to sit in judgment of those who may or may not endorse me."

Cheryl Briggs, 37, who lives on Granite Hills dr., El Cajon, with her husband, Patrick, and their three children, is running for a seat for the Grossmont Union High School Board of Trustees for the first times.

Last year she ran for the S.D. County Board of Supervisors in the 2nd District. She finished 7th among 21 candidates..

Briggs is a volunteer in the swimming program at Montgomery Middle School and is a member of the Singing Hills Little League. She is a member of the Citizens Advisory Committee to Montgomery and on the School Advisory Committee for Early Childhood Education program at Anza and Madison schools. She is a member of PTAs at three schools.

She is a member S.D. County Republican Women's Federated and vice president of the El Cajon Republican Women's organization and a member of the San Diego County Bar Assn. Auxiliary. The family attends the El Cajon Wesleyan church.

She is a member of Advocate Public Trust (APT) an organization to help support the free enterprise system.

She is a former school teacher — 10 years in the Chula Vista, El Cajon and Santee districts and has a life teaching credential.

"As a former teacher I believe I know most of the problems the district faces. As a teacher I was opposed to the teachers' union and to binding arbitration. Obviously, I am not getting the union's support. Their teacher's 'task force' did not endorse me.

"I have not been convinced that the union truly represents the attitude of most of the Grossmont teachers.

"Grossmont District is a good district with good leadership. I am not as concerned about that as I am about what's happening in education at State and Federal levels with the Serrano-Priest decision in which all districts will get the same income per student and the Rodda Act which will let teachers run the district.

"I don't mind state and federal funded programs if there are less strings attached. People must remember that these funds come from us. We pay the bills.

"Nor does money produce quality nor equality.

"I think it is important to have business men on the board but those of us who have the time can use this time to develop real input from the campus level. Those involved in business are often short of time.

"As a former teacher I can see problems; as a mother I am concerned about my children who will be attending Grossmont, and as a taxpayer I am concerned about the way our money is being spent.

"I sincerely believe I can improve the Grossmont Union High School District by devoting my time to problems the trustees are facing."

## Dr. Wiener is Guest In El Cajon Meetings

Dr. Sydney P. Wiener, vice chairman of the governing board of Grossmont Community College will address a group attending a coffee at the home of Virginia Hawk in El Cajon this morning at 10.

Friday, a reception for Dr. Wiener is to be at the home of Harriet Stockwell, El Cajon City councilman at her home in El Cajon at 7:30 p.m.

Sunday, he will be presented at a 2-5 cocktail party at the home of Norma Edelman, also in El Cajon.

Dr. Wiener is chairman of the E. County Performing Arts Center Council in El Cajon's Superblock and his discussed the development of the project at various meetings.

## Help Needed By Lemon Grove's Old Time Days Committee

The Old Tme Days Committee is seeking rummage, storage space, workers, and people to pick-up items for a rummage sale and bazaar to be held in Lemon Grove Junior High School April 9.

Old Time Days Chairman Herb Klein echoed the importance of volunters and added, "they are needed for the whole program."

Lou Ann Holaday, Glenda Jackson, and Brenda Coberly are coordinating the efforts and are also seeking any service organization, church or school group to buy booths at the bazaar. Booth will be 6X10 feet and will sell for $15.

Money generated goes toward television coverage for the Old Time Days Parade.

Donors or helpers may call Mrs. Lou Ann Holaday at 461-4757 or Glenda Jackson at the Chamber of Commerce office, 469-9621.

## American Field Service Seeks Host Families For Student Exchange Program

The Mt. Miguel adult chapter of the American Field Service (AFS) is having a Rummage-Garage Sale on March 5, from 9 a.m. to 5 p.m. at 1647 Primera st., Lemon Grove.

Proceeds are to be used to sponsor a high school student from a foreign country to Mt. Miguel.

Anyone wishing to donate articles to be sold may contact Mrs. Glenda Jackson at 461-7861.

Currently, Kasper Kristensen, from Esberg, Denmark, is spending the year here with the Ken McCormacks of Spring Valley. He attends Mt. Miguel and is a member of the school varsity Soccer team.

Rick Nelson, a senior at Mt. Miguel and son of Mr. and Mrs. Ed Nelson also of Spring Valley, spent 1976 in South Africa through the AFS program. Both Rick and Kasper are available for speaking engagements to any group interested in hearing more about AFS and their experiences.

AFS is a true exchange program as each high school sponsoring a foreign student is entitled to send a student abroad.

The Mt. Miguel Chapter is currently seeking Host Family applicants for the next school year ('77-'78). Families interested in hosting a student for a year or persons wishing to join the adult AFS chapter may call Mrs. McCormack at 479-2494 or Mrs. Nelson at 460-2345.

## Mrs. Cummings Named To Auxiliary PR Post

Mrs. Rochelle Cummings, wife of Lemon Grove optometrist James Cummings, has been installed as Director of Public Information last week for the Auxiliary to the San Diego County Optometric Society. The installation took place at a Society dinner at the Lighthouse Restaurant in San Diego.

Mrs. Cummings described plans for the Society for county-wide recognition of the 50th anniversary of Save Your Vision Week, to be observed nationwide with a presidential proclamation by Jimmy Carter March 6-12, and the Auxiliary will show many films on children's vision.

## Caroliers Perform For Grove Women

The Lemon Grove Woman's Club held their annual reciprocity tea Friday February 25 at 1:30 p.m. in the Clubhouse, 2810 Main st.

The Helix High School Caroliers gave a wonderful program.

Invited guests from several other California Federation of Woman's Clubs enjoyed the program.

Hostesses for the tea were Mrs. Hal Crow, the chairman of the event, Mrs. Maxine Anderson, and Mrs. I. Marder.

# Third-Ranked Netters In La Costa Classic

Guillermo Vilas, the world's third-ranked player who has entered the $100,000 La Costa International Tennis Classic, has a score to settle during the March 21-27 event.

And his opponent is himself.

Vilas, who earned $238,738 last year while winning 82 percent of his matches including a 6-0 record against Grand Prix champion Raul Ramirez, remembers the 1976 La Costa tournament with much regret.

He was facing Ilie Nastase in a quarter-final match, was ahead and seemingly in command of an opponent he was to whip three of five times during the year. Then Nastase went into his aggravating act and Vilas fell for the bait. He succumbed to the argument and his game collapsed.

"I lost my cool," he now admits. "Sure when you play Nastase there can be reason for it. But winning is more important than what the other man does. It meant a lot to me to win at La Costa. It means even more to me to do so this year."

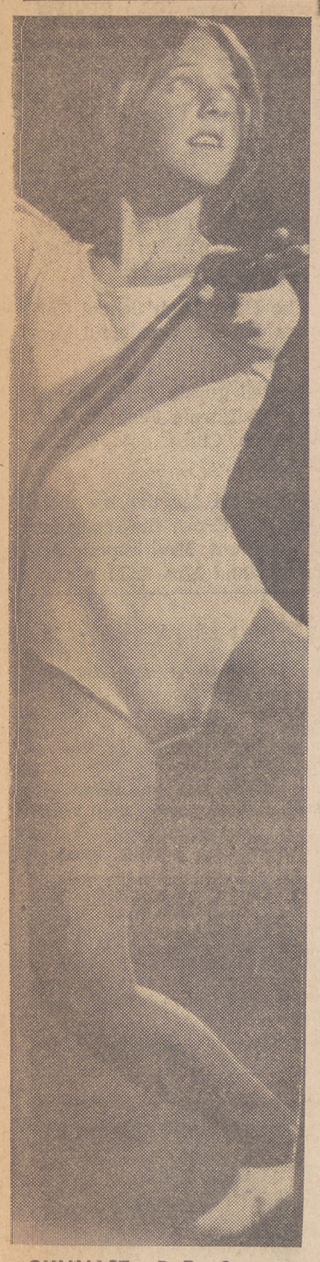
Vilas, a handsome 24-year-old native of Argentina has pocketed nearly $700,000 the last three years but a major victory has eluded his talents. He did win the Canadian Open last year as well as five other events but absorbed a five-set loss to Bjorn Borg in the WCT final and lost another heartbreaker to Adriano Panatta in the Italian finals.

"I've been so close it's frustrating," he said. "La Costa's surface (neither too slow nor too fast but a little of each) favors my game. I seem to do well there. And although the field for this year's event appears the strongest yet, I'm confident I'll be a factor in the final result.

"I know one thing, if I do lose it won't be the way it was last year."

Tournament director Don Hamilton also announced the entries of Andrew Pattison, a quarter finalist in the U. S. Open in 1975; Cliff Ritchey, clay court champion 1966-1970; and Bernie Mitton, an upset specialist who surprised Jimmy Connors last year.

Matches will be played at 11 a.m. and again at 7 p.m. Monday through Friday with the semi-finals starting at 11 a.m. Saturday and the finals on Sunday. The La Costa box office is open daily at 9 a.m. and tickets may be purchased at Ticketron outlets throughout San Diego County and by mail: write La Costa Tennis Classic, Costa Del Mar Road, Carlsbad 92008.



GYMNAST— DeDe Sargent, 18, placed first in All-Around gymnastics for SDSU in a triangular tournament with C. of Colorado and State Northridge. She'll be U. S. Gym Fed. Finals next week at SDSU.

## Girl Gymnasts In USGF Tourney At State Gym

Young gymnasts from throughout the southern half of California will compete in the United States Gymnastics Federation (USGF) Class 1 District Finals, March 12 and 13 at S.D.S.L.'s Peterson Gym.

Co-hosted by the GymnAztecs Parents' Club and the SDSU Department of Athletics, the two-day competition will feature many of the State's top young gymnasts, 9-18 years.

Compulsory competition will be 10 a.m.-1 p.m. and 2-5 p.m. March 12. Three-hour sessions optional exercises starting at 10 a.m. will be conducted. Final competition is at 7:30 p.m. March 13.

Admission to each of the single sessions is $2 for adults and $1 for children. Proceeds from the event will go to the SDSU Women's Gymnastic Scholarship Fund.

## Crew Classic Booked

The 1977 S.D. Crew Classic, one of the top rowing regattas in the U.S. will be run April 2 at Mission Bay Park.

Major rowing powers from east and west coasts will float teams.

## Purtzer 30th Qualifier For MONY Tourney Champs

RANCHO LA COSTA — Last year 22 players, two shy of the all-time low of 20, competed in the MONY (Mutual of New York) Tournament of Champions.

This year 30 already have qualified for the run at the $45,000 first prize, tournament chairman Allard Roen said. Seven more opportunities remain to make the exclusive starting field.

This prestigious event, richest in the west at $225,000, will be conducted April 14-17 at La Costa Resort Hotel, Spa and Country Club. Only winners of major PGA tournaments in the last 12 months, plus the British Open, are eligible to compete.

Young Tom Purtzer of Phoenix became the 30th qualifier — and 10th rookie — after his surprising victory in the Glen Campbell-Los Angeles Open.

Other qualifiers are defending champion Don January, four-time winner Jack Nicklaus, Bruce Lietzke, hottest player on the tour; U. S. Open winner Jerry Pate, PGA king Dave Stockton, Masters Champ Raymond Floyd, British Open winner Johnny Miller, Rik Massengale, Lee Trevino, Tom Watson, double winner of the Crosby and Andy Williams-San Diego Open; Ben Crenshaw, Lee Elder, Australian David Graham, J. C. Snead, Roger Maltbie, Dave Hill, Buddy Allin, George Archer, Larry Ziegler, Gibby Gilbert, 1975 winner Al Geiberger and Butch Baird.

Pate, Lietzke, Purtzer, Mark Hayes, Tom Kite, New Zealander John Lister, Bob Wynn, Mac McLendon, Joe Inman and Gary Koch will be making their debuts in this elite event.

## College Vaulter Breaks Own Record

Cliff Schnedar, senior from Solana Beach, broke his own Point Loma College pole vault record twice last weekend competing in the San Diego State All-Comers meet. He successively cleared 16'3" and 16'5" raising the 16'0" mark which had ranked him nationally in the NAIA in 1976.

In vaulting 16'5" this season, Schnedar has ranked himself at the top of the competitors vying for the NAIA indoor track and field championships in Kansas City February 26, according to Dr. James Crakes, PLC track and field coach.

A talented gymnast and swimmer, Schnedar scores consistently as a discus thrower, also. Academically, he is an economics major.

**Record Inflation**

An annual 50 per cent rate of inflation is reported in Portugal.

## High School Motocross Programmed at S. Bay

High school motocrosses are back for Wednesday night competition, South Bay Park Speedway owner and producer Don Basile said.

Gates are open at 4:30 p.m. Practice is scheduled at 6 p.m. with the first of some 30 motos will begin at 7:30 p.m.

It is expected that more than 185 riders will compete for points for their respective schools as well as compete for trophies.

The defending champion school is Helix High. Bonita Vista High riders won the inaugural (1974) and Montgomery High was the victor in 1975.

Outstanding motocross motorcyclists are also expected to represent Monte Vista and Mission Bay Highs. As many as 15 schools have been represented in the action over the largest closed course motocross in Southern California.

## Gonzales Wins In 9th Round

There was a big turn-out Friday night at the Coliseum.

There was no question about it, they came to see two women fighters and the women showed more class than some of the prelims that are carded occasionally.

The women, welterweights, fought to a split decision with the nod going to Lady Tygre Trimiere of New York who beat Gwen Hibler of Pennsylvania. Both are black. Trimiere is shiny bald.

Promoter Danny Millsap said that another female match would be scheduled later in the month.

In the main go, Jose Gonzales, 129½, of Miami scored an easy knock-out on Miguel Ruiz, 128½ of Tijuana. Gonzales, 129½, of Miami scored ment of Angelo Dundee and is fast and powerful. He's playful, too. He hooted his opponent when he missed, and feinted into frustration throughout the match. At 1:32 of the 9th round, when Ruiz seemed unable to defend himself, the referee wisely called it off.

Gonzales will be carded again, Milsap indicated. The fighter with a reported record of 14-3 holds the fans attention.

In the semi-main Manuel Castellanos, 126, won a TKO over Santiago Mesa, 129 at 1:38 of the 6th round.

In the 4-round opener, Bert Lee, 149 won a split over Jorge Falero.

## Aztecs Join SCBA Play

The newly-formed S. Cal. Baseball Assn. opens this week with SDSU in the thick of the action.

SCBA is a combination of PCAA and WCAC.

The Aztecs host Fullerton Friday at 2:30 at Smith Field. They travel to Long Beach Saturday for a game with the 49ers.

## Volleyball Champs

When UCLA meets the Aztec volleyball team Saturday at 7:30 in Peterson Gym it will be the first time in the event's 7-year history the only two teams to win an NCAA Championship will have met.

Rudy Suwara, former professional MVP, is Aztec coach.

# Beauty in Crosby WP Golf Play

Laura Baugh, whose model golf swing is delivered by a model's figure, has entered the $165,000 Kathryn Crosby/Honda Civic Golf Classic March 23-27 at Whispering Palms.

Although the 22-year old Baugh has found her exceptional beauty hardly a competitive nuisance in winning $97,778 in four pro seasons, she feels compelled to still skeptics who rate her good looks ahead of her good scores.

"When I win a major event, I'll settle a lot of doubts," Baugh said. "I started playing golf at about two and when I turned pro it seemed

LAURA BAUGH

like it was something I had been doing all my life. Competing was important but I lost track of what it meant to win."

Not that she hasn't come close. She missed by only a shot in last year's Bloomington Classic and has four other runner-up finishes on the LPGA tour. Winner of the U. S. Amateur in 1971, she reached the quarter finals of that prestigious event in 1969-70-72, portending a blitz as a professional that has come up a whisper short although her rookie-of-the-year award in 1973 fueled expectations.

"There was a certain amount of pressure to do good right away," the 5-5 110-pound blonde said. "Maybe my competitive balance has suffered because of all the attention I've received. But I feel I can handle everything better now and I'm looking forward to this year because I feel I'm better prepared to win."

Of course, she wins just by showing up.

Season tickets at $12 and representing considerable savings are now on sale at over 40 county locations including all Honda dealers and golf pro shops.

## TAKE FIVE

By John E. Wirges

**You could tell it was going to be a curve the way they wound up. Servomation and the Stadium Board. They tipped it off a mile away.**

**Servomation and their Stadium Board friends, in their infinite wisdom, have decided to knock off drinking in our sports palace. They want the City Council to ban booze in the ball park.**

**They don't want to knock off all drinking, of course. Just the stuff that is brought in.**

**Now Stadium fans get right down vocal in helpin' umpires and referees and the like with making calls and such. Why, it's been known that Stadium sufferers have even voiced their disapproval of ownership, management and coaching abilities.**

**No matter which way you go, yellin' and screamin' and stompin' your hoof in approval, disapproval and/or just plain excitement can be mighty drying work.**

**And it's well known that wettin' your whistle while watching a sportin' match is a long time, All-American custom.**

**Now the folks at Servomation and their Stadium Board friends have nothing against a thirsty fan satisfying his dry pains with a gulp of liquid refreshment. No sir, they like that part.**

**But they want to sell it. Not let you bring in your own. They don't like the competition. No sir. That ain't their way.**

**Now, it has long been the custom in America to bundle up the family, pack a picnic lunch, fill a flask and head off to watch a ball contest. It goes back to the days of "Townball," and "flying wedge" football.**

**Yes sir, brown-bagging in the bleachers is an old American custom. It's part of the game.**

**In time, as modern stadiums were presented to the public as a civic need, and in keeping with the brown-bagging custom, picnic areas were promised as city fathers solicited voter stadium approval.**

**And so, as progress, the Chargers, and a hope for a major league baseball franchise came to San Diego, voters were asked to approve a stadium . . . complete, of course, with a picnic area. Remember the brochures showing an outfield terrace complete with tables and umbrellas?**

**More than 72 per cent of a heavy voter turnout approved the stadium referendum. Picnic area and all.**

**Somehow the picnic area was never developed when the stadium went up. But when a major league franchise came our way a year after the stadium opened for business, brown-bagging and tailgating in the parking lot became all the rage.**

**"Come early and beat the crowd," chanted city fathers, Charger and Padre brass. "Stay after the game and don't fight the crowd going home." It was one helluva fan catcher.**

**Folks came early, cooked and ate, then took a litle refreshment into the game with them, as is allowed under rules developed for the stadium from promises made when selling the idea to the voters.**

**No cans or glass jars are allowed, of course. They could become weapons. No, the only containers allowed are nice, safe, reusable, family type thermos jugs and the like.**

**Now, years after all that voter approval and steady fan growth Servomation demands a change in the rules. They want to close Stadium doors to refreshments being carried in by thirsty fans.**

**"People drink too much when they bring in their own," cries Servomation. "We can't control the crowd."**

**Hold on, now. Isn't lack of profit more the motive? To take their concern at their own word, has Servomation ever shut down beer stalls or drinkin' bars when the crowd gets angry? Ever? Really?**

**Speaking of profit, could it be that Servomation tall prices and short pour encourage home-filled flasks?**

**We're in a fight, folks. Call your City Council at 236-6440 and tell 'em to keep Stadium doors open to home refreshments. Hell, it's our Stadium. Who ever gave it to Servomation, anyhow?**

## Griffs Win Final Two

Grossmont College Cagers swept past Mesa College 74-69 and Orange 79-78 to finish the season on an up note.

The triumph gave the Griffins a 17-14 season mark and a S. Coast Conference record of 4-8 for a three-way tie for fourth place.

It was the fifth most wins in the 16-year history of the school.

John Bobof was the Griff's top scorer in conference play — 15.0 average. Season play 13.8.

# Mariners on Week of Road Play; Free Cokes and Phoenix on March 12

The Mariners return home March 12 after a 6-game road trip. The road has been deadly for the San Diego team in the immediate past. They lost 4 and tied 1 of their last 5. They return to play a deadly enemy, the Phoenix Roadrunners.

Following their game at New England Tuesday, they play in Indianapolis Friday; Quebec, Saturday; Calgary Sunday; Winnipeg Tuesday and return to Calgary Wednesday.

On their return home the Mariners will attract crowds with a free Coca Cola Night. Each patron will receive a coupon good for 2 26-oz. bottles of Coke and Cokes served in the Arena will be 10 cents.

They will play 10 of their remaining 13 games on home ice following the 6-game trip in their battle for top spot.

A bright spot in the Mariner winless streak is the consistent play of all-star Andre Lecroix.

WHA West standings, at press time:

| | |
|---|---|
| Houston | 80 points |
| Winnipeg | 70 |
| Mariners | 69 |
| Calgary | 53 |

# SDSU Signs 9 Prep Gridders

San Diego State U completed its football recruiting with the announcement of nine high school recruits.

Five of the players are San Diego area preps, three are from Fontana High School and one from Michigan.

Mickey Paopao (5-11, 240) heads the list of San Diego area players. Paopao, whose brother Junior played for the Aztecs in 1971, played on two San Diego CIF Championship teams at Oceanside and El Camino High Schools. He was a linebacker and quarterback as a prep, but will be tried at fullback by the Aztecs. He was first team All-CIF as a defensive lineman and linebacker at El Camino and racked up 15 quarterback sacks and 53 initial tackles.

As a quarterback, Paopao rushed for 53 yards on 29 carries and hit on 15 of 26 passes. In addition to his All-CIF honors, he was All-Avocado League for two seasons and was named as a first team defensive player on the National High School Coaches Association All-America team.

The other San Diego area athletes to choose the Aztecs are linebacker Deron Galindo of Escondido High School, offensive lineman Darryl Yarborough from Morse High School, linebacker Ed Balistreri from San Diego High and wide receiver Mike Ellis from Kearny High School.

**Out of Towniers**

The three Fontana High School players are running back Mike Fox, linebacker Rick Silverthorn and tight end Al Fanchin. The Michigan player is linebacker Bob Levine from Groves High School in Birmingham, Michigan.

Galindo (6-2, 205) was a two-time All Avocado League player and was first team All-CIF as a junior. He was slowed much of his senior year with injuries.

Yarborough (6-0, 236) was first team All-Eastern League and first team All-CIF at Morse last year as an offensive and defensive lineman.

Balistreri (6-1, 210) is considered a tough, durable linebacker with a reputation as a hard hitter. He also was All-Eastern League and first team All-CIF.

Elis (6-3, 190) caught 35 passes at Kearny last year and was All-Western League as both a wide receiver and defensive back. He was All-CIF first team as a wide receiver.

Fox (5-10, 180) might be the top high school player signed by the Aztecs. He was a first team All-CIF AAAA player in the L.A. area, as well as All-Citrus Belt League. He gained 1339 yards on 203 carries for a 6.6 average and scored 17 TD's rushing. Fox was recruited by every top school on the West Coast and several other top schools across the country.

Silverthorn (6-3, 205) was also a first team All-CIF AAAA Player and All-Citrus Belt League. He had 119 initial tackles and 66 assists last season and was named the Defensive Player of the Year in the Citrus Belt League.

of disagrement amongst our elected officials," Pennell said. "You would think that with such issues voted on as collective bargaining, hiring an outside negotiator, a tight budget year due to limited revenue, compensation for board members, opposing the financial disclosure provisions of the 1974 Political Reform Act, and demands from parents for expanded transportation services, there would be considable more opposing views on these subjects. It appears that the many and varied views of our community are not being represented at Board meetings."

**The Travelers**

Every year nearly 5 million travelers enter the U.S. through the John F. Kennedy Airport in New York.

## Society of Military Widows Host Brunch

**ORDINANCE NO. 4852 (NEW SERIES)**
**AN ORDINANCE ADDING SECTION 81.108.5 TO THE SAN DIEGO COUNTY CODE RELATING TO SUBDIVISIONS SERVED BY THE OTAY MUNICIPAL WATER DISTRICT**

The Board of Supervisors of the County of San Diego do ordain as follows:
Section 1. The Board of Supervisors of the County of San Diego hereby finds and declares as follows:
(a) On February 7, 1961 (116), the Spring Valley Sanitation District and the City of San Diego entered into the Sewage Disposal Agreement of 1960, whereby the City was to construct the Metropolitan Sewerage System ("Metro System") and Spring Valley was to lease and have the right to discharge 6.0 million gallons per day (MGD) "average daily flow" over a yearly period of sewage into the Metro System.
(b) On June 20, 1972 (4), the Spring Valley Sanitation District executed an agreement, having an effective date of September 14, 1970, with the Otay Municipal Water District which authorized Otay to use a portion of Spring Valley's capacity in the Metro System and to temporarily connect and discharge Otay's sewage into the Spring Valley sewer system, said agreement to terminate on September 14, 1975.
(c) On October 14, 1975 (1), the Spring Valley Sanitation District executed a second agreement with the Otay Municipal Water District which authorized Otay to temporarily connect and discharge 0.700 MGD "peak flow" of sewage into the Spring Valley sewer system, said agreement to terminate on September 14, 1978.
(d) The City of San Diego is specified as a party to both agreements but did not and has not executed either agreement.
(e) For the fourth quarter of calendar year 1976, the Otay Municipal Water District was discharging approximately 0.336 MGD average daily flow of sewage into the Spring Valley sewer system.
(f) As of December 1976, the Otay Municipal Water District had issued letters of intent to provide additional sewer service which, when totaled with the existing sewage discharge referred to in (e) above, would exceed 0.700 MGD average daily flow of sewage discharge through the Spring Valley Sanitation District sewer system.
(g) A sewage discharge of 0.700 MGD average daily flow would normally result in a peak flow of 1.4 MGD, if no special procedures are adopted to attenuate the peaks, which amount is twice the discharge authorized under the agreement referred to in (c) above.
(h) The agreements between the Spring Valley Sanitation District and the Otay Municipal Water District were temporary in nature and the parties understood that Otay would secure other means of disposing of the sewage emanating within Otay's service area, and said other means have not been secured by Otay.
(i) Any additional discharge by the Otay Municipal Water District into the Spring Valley Sanitation District sewer system will reduce the amount of capacity available to territory served by the Spring Valley Sanitation District.
(j) Insufficient contractual sewer capacity exists in the service area of the Otay Municipal Water District to warrant any further subdivision of land in unincorporated areas which would receive sewer service from Otay.
Section 2. Section 81.108.5 is hereby added to the San Diego County Code to read as follows:
Sec. 81.108.5. SUBDIVISIONS RECEIVING SEWER SERVICE FROM OTAY MUNICIPAL WATER DISTRICT.
(a) Except as specified in paragraph (b) hereof, any other provisions of this Title 8 to the contrary notwithstanding, no tentative map or tentative parcel map shall be received for processing by the Planning Commission or Director of Land Use and Environmental Regulation, nor shall any tentative map or tentative map or tentative parcel map be approved by the Planning Commission or Director, if such map proposes a subdivision which intends to receive sewer service from the Otay Municipal Water District, as said District exists now or may hereafter be modified, unless:
(1) The Director of Public Health determines that the proposed lots may be adequately served by a private subsurface sewage disposal system, or
(2) Such map is being refiled after expiration pursuant to Section 81.309 or Section 81.608.5 of this division, or
(3) Such map is being submitted as a replacement map pursuant to Section 81.311 or Section 81.607 of this division, or
(4) Such map covers exactly the same property as is covered by a previously recorded final map, or any portion thereof, and the tentative map to be accepted for filing contains no additional dwelling units above that specified in an adopted Specific Plan.
(b) No tentative map or tentative parcel map received prior to the effective date of this section by the Department of Land Use and Environmental Regulation shall hereafter be approved unless it contains a condition that the final map or parcel map shall not be approved unless the Board of Supervisors finds that all sewage emanating from the proposed subdivision will be disposed of other than into the Spring Valley Sanitation District — Casa de Oro Trunk Sewer.
(c) The prohibition specified in paragraph (a) of this section shall not apply to a written application for an extension of time filed pursuant to Section 81.308 or Section 81.617 of this division.
(d) For purposes of this section, a tentative map or tentative parcel map is "received" on the date when the applicable fees are paid and the map is stamped "received" by the Department of Land Use and Environmental Regulation.
(e) It is intended that the prohibitions contained in this section shall be temporary and shall be removed when the Otay Municipal Water District has secured a means of disposing of the sewage emanating from within Otay's service area other than into the Spring Valley Sanitation District — Casa de Oro Trunk Sewer.
Section 3. This ordinance shall take effect and be in force thirty (30) days after the date of its passage, and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same in the Spring Valley Bulletin, a newspaper of general circulation published in the County of San Diego.
PASSED, APPROVED, AND ADOPTED this 16th day of February, 1977.
JIM BATES
Chairman of the Board of Supervisors of the County of San Diego, State of California
The above ordinance was adopted by the following vote:
Supervisor Tom Hamilton voting "Aye"
Supervisor Lucille V. Moore voting "Aye"
Supervisor Roger Hedgecock being absent and not voting
Supervisor Jim Bates voting "Aye"
Supervisor Lee Taylor being absent and not voting
ATTEST my hand and the seal of the Board of Supervisors this 16th day of February, 1977.

# Maritime Academy Exam Slated for This Saturday

An entrance examination will be administered at the California Maritime Academy on Saturday at 9 a.m. It will be repeated on the first Saturday of each month through June. Applicants to the Academy may take either this examination, the Scholastic Aptitude Test (SAT) or the A.C.T. test. No preregistration is necessary. The exam is given free of charge.

Cal Maritime is a public, four-year, co-educational college which prepares young people for careers in the maritime industry. Graduates earn a Bachelor of Science degree in either Marine Engineering Technology or Nautical Industrial Technology, and are licensed to sail as deck or engine room officers on all types of commercial ships. Most graduates are also offered a commission in the U. S. Naval Reserve.

Employment opportunities for Cal Maritime graduates are excellent. Most accept seagoing jobs immediately after graduation, earning between $16,000 and $25,000 a year.

Admission requirements include graduation from high school or the equivalent; age between 17 and 24 at entrance, except veterans who may enter up to age 27; good physical and mental health; U. S. citizenship; two years' high school algebra, and evidence of aptitude for mathematics and science.

Cost of attendance is comparable to other state-supported colleges and universities Financial aid in the form of grants, loans, and employment is available.

For application material write Admissions Office, California Maritime Academy, P.O. Box 1392, Vallejo, CA 94590, or call (707) 644-5601.

## Free Legal Hotline Opened by Bar Assn.

The San Diego County Bar Association's Tel-Law, a free legal advice service which began last Friday, will be open from 9 a.m. to 5 p.m., Monday through Friday.

The idea behind the hotline is to provide information about possible legal problems in the early stages saving consumers both time and money.

The service will answer questions about legal services, law, civil problems, adoptions, consumer problems, taxes, bankruptcy, employment, social security, and estates.

Mayor Pete Wilson made the first call to the service at about 11:30 a.m. last Friday and his call was received at a temporary outdoor display booth in front of the Security Pacific Plaza Building, 1200 Third ave.

Operators will be standing by to punch in tape recordings of legal answers. The phone number is 231-7900.

## Special Assessments Deadline Ends Mar. 15

Institutional property exemption claims for colleges, schools, hospitals, retirement homes and other institutions have to be filed with the County Assessor's Office by March 15. The filing date for churches has been extended to March 31.

According to the Assessor's Office 3,000 claim forms had been sent out to institutions by January 20. Claims filed after the deadline will receive only a 90 per cent exemption.

For inquiries call 236-3133.

## Poli-Caucus for Women

The public is invited to participate in three organizing meetings of the S.D. County Women's Political Caucus.

Meetings will be March 17, 7:30 p.m. at the Neighborhood House, 841 South 41st st.; April 24, 7:30 p.m. in the Community Room, College Grove Shopping Center, and May 19, 7:30 p.m. at the downtown YMCA 1012 C st.

# Read-a-Thon Scheduled For Grove 4-6th Graders

The Lemon Grove School Board of Trustees have authorized district schools to participate in the San Diego Association for the Retarded "Read-a-thon" to be held for fourth through sixth graders April 4-30.

The idea behind the Read-a-thon is to encourage students to read and to generate funds for the Association's various projects for the retarded throughout San Diego County.

Arthur Thomas, former principal of Monterey Heights and Vista La Mesa schools, will direct the Lemon Grove program along with support from the Lemon Grove Woman's Club Juniors.

Thomas said the program will involve donors contributing to Association's funds by the number of books read by the students they sponsor.

Volunteers from the Lemon Grove Woman's Club Juniors will coordinate the program at each school checking on the number of books read by each sponsored student. Mrs. Kathy Smith, of the Club, will direct the effort.

Thomas will make a five minute presentation to the students and issue permission slips for parents signatures. Parents must okay their child's participation.

During the Board discussion of the matter February 22, Board member Henry Reinecke said he believed the project was worthwhile.

"We've had bike-a-thons and walk-a-thons," said Reinecke, "and this to me seems to have more of a direct involvement in education."

"Instead of having sore feet from a walk-a-thon," the Board member mused, "they will have headaches."

## Ask Your C.H.P.

CHP Capt. C.M. Douglas

Last week the question had to do with U-turn at intersections and mid-block. CHP Area Commander Capt. C. M. Douglas answered the question.

He'll supply answers to any questions any reader has regarding traffic.

Write or phone your question to this newspaper. Be anonymous if you wish. The object of the column is to increase the safety quotient on streets and highways.

This week's question.

Question:

I prefer to drive 40 mph on 94 between Spring Valley and Lemon Grove. I am intimidated by drivers behind who almost touch my rear bumper. As they pass, they look angry and often cut sharply in front of me. I stay in the slow lane. Must I travel at their speed or at the speed comfortable for me?

**ANSWER:**

**You are required to drive at a speed so as not to impede the normal and reasonable movement of traffic (22400 VC). You have to keep up with the normal flow of traffic. Slow drivers are as hazardous as speeders on some roadways.**

# New Chewing Gum Prevents Cavities Is Firm's Claim

A new cavity-preventing chewing-gum, produced in Finland, has recently been introduced in California under the brand name of Xylitol.

The gum contains 50 per cent of xylitol, a natural sweetener which does not form corrosive acids when coming in contact with microorganisms on the teeth. The xylitol discovery has been called "one of the most important breakthroughs in dental history" by the director of the Forsyth Dental Center in Boston.

Although Finnish University studies have proven the gum's effectiveness, the new product cannot be advertised in the U. S. before the studies have been confirmed in this country.

Literature and free samples may be obtained from the Xylitol, P.O. Box 80, Cresskill, N.J. 07626.

## Overnight Trip For Bike Buffs

The fourth annual tour of the Southern California coast (TOSCC) — A 200-mile bicycle weekend adventure will be held on March 12-13.

The public is invited to participate in this 'Double Century' ride from La Jolla to Lakewood and return. The overnight facility will be a recreation center. A sleeping bag and air mattress will be needed.

A trip fee of $11.50 for those over 18 years of age and $10 for youths under 18 will include the overnight stay, Saturday evening banquet and film show plus awards prestations, Sunday breakfast, snacks, showers, accident insurance, sag-wagons to carry your gear (and you, if necessary), and a coveted "TOSCC" cycling cap.

Applications for this event are available at some bicycle stores and at the San Diego Council, American Youth Hostels office, 1031 India st. in downtown San Diego. Phone (714) 239-2644 for additional information.
